1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 7-10 and 12-16 are rejected under 35 U.S.C. 102(b) as being anticipated by Kobayashi et al. The claimed invention is disclosed at Fig. 1 with resistive layer 1, termination 4, passivation layer 5 and outer barrier 6. In claims 7 and 13, the passivation layer 5 does not preclude the “directly overlaying and attaching” of the barrier layer to the resistive layer since claim 14, depending from claim 13, includes such a layer. The sputtering process of claim 14 is disclosed at col. 3, where sputtering is disclosed in general, and the head is described as a thin film head, col. 1, lines 20-25. Alternatively, the process does not render the product distinct since thin films are produced.

3. Claims 7 and 12 are rejected under 35 U.S.C. 102(b) as being anticipated by Nishiguchi et al. Nishiguchi discloses the claimed invention at Fig. 2, with thin film resistor 12, terminations 13 and barrier 14 (tantalum pentoxide at col. 1, line 46). Sputtering of 14 is at col. 5, lines 1-2.

4. Applicant's arguments with respect to the claims have been considered but are moot in of the new ground(s) of rejection.

5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

6. A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
